

Product & News Submission Requirements

“Power Systems Design Europe” is dedicated to providing a quality product to our subscribers. We continue to invest heavily in the reproduction quality of our magazine including its design and the quality of the paper we print it on.

To insure that we deliver a consistently high quality product to our subscribers, we need your help and have established the following requirements for your editorial submission.

- ✓ Product or news item submission length is 200-250 words with one graphic or photo.
- ✓ Submit item as a word document with no embedded graphic or photo.
- ✓ Graphic or photo must be submitted as individual file, not embedded in document.
- ✓ Graphic format must be high resolution (300 dpi) jpg file with CMYK colour code (not RGB colour).
- ✓ Graphic image or photo must be a minimum of 101.6 mm (4 inches) wide.
- ✓ Graphic or photo must include a description.
- ✓ Author must supply detailed contact information: company, phone, fax and email address
- ✓ Author must supply full contact of the company supplying graphics and/or photos: Company name, contact name, phone, fax, email address.
- ✓ Author must submit a URL appropriate to the article e.g (www.xyzcompany.com)

Please note:

Note worthy product and news items submitted to “Power Systems Design Europe” that meet our quality standards will take priority over those that do not.
